## ProviderSuite Web Application

### Usability changes to ProviderSuite Billing Tab

1. "Welcome to PA" box title has been changed to "Welcome to ProviderSuite"
2. The "Click here if you are having trouble launching Billing" link has been changed to "Click here if you are having trouble launching Billing Manager"
3. The obsolete "System Slow? Check internet speed" link has been removed.
4. The obsolete "Meeting ID/Join Meeting" link has been removed.
5. The remaining useful links have been re-sorted as follows:
  - a. Launch Support Tool
  - b. Set Trusted Sites
  - c. Search the NPI Database

## Billing Manager Applet

### Unable to Print Industrial Account Invoices

The issue preventing some users from printing Industrial Account Invoices has been resolved.

#### To Create invoices

- Change the selection from Print Invoices to Create Invoice Data
- Invoice Date will default to today
- Move the Industrial accounts to the right for the companies that you want to create invoices for (Select all plans to create invoices for all uninvoiced plans)
- Under Invoice Data Parameters, Select Create invoices for uninvoiced claim for the industrial accounts selected above
- Click **Create Data**

#### To Print Invoices

- Change the selection to Print Invoices for the Industrial Accounts Selected below.
- Leave the Industrial accounts to the right for the companies that you want to create invoices for (Select all plans to create invoices for all uninvoiced plans)
- Verify the correct printer is selected.
- Click **Print**.
- The invoices get printed.

### Certain ICD-10 codes not available for the user to select

The mapping of GEMs data has been redone to accomodate certain ICD-10 with unusual formats, e.g. T70.0XXA. Users can now select these unusual ICD-10 codes.

## Schedule Manager Applet

### Appointment List Facility Selection drop-down no longer resets to "All" when the applet refreshes data

The Facility Selection drop-down no longer resets to "All" when the applet refreshes its data. Instead, users can now view the list of appointments of the selected facility from Facility drop-down menu until they change the facility name in the drop down.

## Appointment Count for the Week

The users can also view the appointment counts for the week as:

*Appointments for (12/07/2015 – 12/11/2015) – Active (400 AM /400 PM) / 100 Cancelled / 900 Total*

The screenshot displays the PracticeAdmin Schedule Manager interface. The top menu bar includes options like Refresh, New, Print, Patient Lookup, Appointment List, Recall List, Show Warnings, Show Templates, Show Full Week, Backward, Forward, Today, Zoom In, Zoom Out, Day, and Week. The main area shows a weekly schedule for October 12-16, 2015. A red box highlights an appointment for 'P - LAKE - emg' on Wednesday, Oct 14, at 12:00 PM. The right sidebar shows a calendar view for October and November 2015. At the bottom, a table lists appointments for the week of 10/12/2015 to 10/16/2015.

**Appointments for 10/12/2015 to 10/16/2015: 850 Active (450 AM/ 400 PM) / 25 Cancelled / 875 Total**
